CATEGORY ABP 1

162 Wingaroo Rd, Whitemark

Exiting structure

- Has partial lining of Masonite on some walls and ceiling.
- Is basically empty and bare inside.
- Has been relocated from some a nearby position on the site.
- Is on new concrete pads, post and bearers.
- The existing structure will have new cladding, new plaster to ceilings and walls internally.
- There will be new roof sheets and gutters.
- The google earth pic in the plan I sent earlier is the old location of the structure.
- The attached arial pics from a drone is the current location.

Yours Sincerely
Stephen Lawes
