

Flinders Council is committed to provide funding for projects that support our municipality through increased community connection, access and participation.

Grants are available to not-for-profit community organisations, community groups and individuals to:

- empower our community to identify and respond to issues;
- support the needs and aspirations of all our communities within the municipality;
- increase community connections and belonging to increase participation;
- build community capacity.

Guidelines

- Your application must have a clearly stated purpose and a practical plan for achieving the project.
- The project may complement, but not duplicate, other locally available services.
- Projects should be accessible to individuals living within the Flinders Municipality.
- Where funds are sought for the purchase of equipment, quotes should be included.
- Any risks associated with the project have been considered.
- Flinders Council has the discretion to determine the total amount that will be allocated to each project.
- Partial funding may be offered for the project if the applicant has advised they are happy to receive a partial amount.
- If a partial amount is received, the applicant will be required to contribute the difference to the proposed project.
- It is expected that some effort will be made towards fundraising activities or a financial contribution to offset the costs of the proposal.
- In the event that modifications are needed to the project following a successful application, any variations must be submitted in writing to the Mayor.

Please Note: Financial assistance will not be provided for:

- Money already spent;
- Salaries or recurrent operational costs; or
- Fundraising for future projects.

Applications close COB Tuesday 4th June 2024
