as Sophie,

I wrote to you in September concerning payment of rates by the vicars of the Patriarchs on the anctuary property. Apparently my letter was gone astray.

Ben Murphy and I had a conference with Randal earlier this year where he indicated that the Friends would not have to pay the current rates or those to be levied in the future. I would be pleased if you would confirm that this is the case, preferably before the 21st October when the first instalment is due. I look forward to hearing from you

Yours faithfully

Andrew Jackson
