

Councillor Resolution Report		19 March 2019	
Minute	Resolution	Activity	Status
The following report identifies resolutions passed by elected members for the reporting period. The report provides the minute reference and date, the resolution, the elected member who moved and seconded the item, and the action taken to date to implement the decision. Where a resolution has been encapsulated in an Annual Plan Action, the progress of actions is then addressed through the normal Annual Plan Reporting requirements.			
249.09.2015	<p>1. That each Ordinary Meeting of Council be provided with a report listing all Development Applications received by Council for the preceding calendar month. The list should include, in the order of receipt:</p> <ul style="list-style-type: none"> <li>• Development Application Number;</li> <li>• Address of property concerned;</li> <li>• Category of proposed development (e.g. residential, visitor accommodation, business and professional services etc.);</li> <li>• Proposed work (e.g. Construction of ..., extensions to ..., change of use, subdivision, demolition, alteration of boundary etc.); and</li> <li>• Date received.</li> </ul> <p>2. That the Mayor seeks, from the General Manager, options for the Council to publish this information on the Council's website, including Representation status and Determination outcomes, in a manner similar to that provided by the Launceston City Council, and updated (weekly/fortnightly or monthly) as determined by Council</p> <p><b>Moved:</b> Cr P Rhodes <b>Seconded:</b> Cr K Stockton <b>CARRIED UNANIMOUSLY (7-0)</b></p>	<p>1. A monthly report is being provided.</p> <p>2. Preliminary investigations have confirmed initial advice that the Development Application Reporting Tool adopted by Launceston involves a significant amount of set up costs, a system that is not compatible with that which Council uses and requires ongoing resources. I am led to believe that at Launceston it was established partly with a set up grant. This system is not being practiced or used by other Northern Tasmanian Councils. Given these constraints, and lack of financial and human resources, it is difficult to justify investigating further, especially given that we currently report publicly for all development applications including those for a permitted use.</p>	<p><b>1) Complete</b></p> <p>2) Suggested option not suitable so no further action is contemplated</p>
292.11.2016	<p>1. That Flinders Council lobbies the relevant government agencies and Ministers to amend the Bass Strait Passenger Vehicle Equalisation Scheme (BSPVES) to include an intrastate component i.e. between 'mainland' Tasmania and the Furneaux Group. The aim of this Notice of Motion is to benefit residents of the Furneaux Islands.</p> <p>2. That if deemed appropriate, depending on current shipping arrangements, the General Manager liaises with King Island Council re their possible involvement in changing the BSPVES to include an intrastate component.</p> <p><b>Moved:</b> Deputy Mayor M Cobham <b>Seconded:</b> Cr G Willis <b>CARRIED (5-1)</b></p>	Follows 293.11.2016	Not started as part of 293.11.2016 and Flinders Business Economic Social Structural Review
