Warren Groves
General Manager
Flinders Council

Dear Mr Groves

RE: PETITIONS – WASTE MANAGEMENT TRANSFER STATIONS

I, maikutena Vicki-Laine Green of 459 Killiecrankie Road, FLINDERS ISLAND TAS 7250 formally present the attached electronic petition which I requested Mr Alan Michael Radford, MBA of 48 Collins Street, Burnie TAS 7320 to establish through GoPetition. He has confirmed that the originating header document has not been amended from the time that the petition went live on the internet.

The attached petition has a preamble which clearly and concisely states and outlines the subject matter and the possible actions requested. Mr Radford has confirmed that there are a total of 54 signatories that have been lodged in support of the petition.

The number of signatories can clearly be seen in the far left hand side of the petition signatory pages ensuring that there has been no duplication. GoPetition can also provide all IP address details if required to prove that there have been no multiple voters, except through me, Ms. Maikutena Vicki-Laine Green who, on request from those who wanted to sign the petition but didn't have the capacity or confidence, asked me to utilise her computer to add them in the petition. All those added that way can be verified if necessary.

I hope that the above information now will be sufficient to allow this petition to be tabled at the Council Meeting, to be held 28th April 2020.

Your sincerely

maikutena Vicki-Laine Green

Continue Land Waste Transfer Station services at the Lady Barron and Killiercrankie

Published by Alan Radford on 26th Apr 2020

The Flinders Council has listed a new motion that Council resolves to rescind motion no. 197.08.2018:

“That Council adopts option 4 of the cost options Annexure 11, for consideration in the 2018/19 Capital Budget for Waste Management.”

2. That Council adopts Model 1 - Whitemark Landfill Site open 5 days a week and all Transfer Stations closed as the most affordable compliant, and efficient Waste Management Strategy to be implemented over a period of three months from the date of adoption.

We the undersigned, would like to lodge our objection to the Council moving such a motion on the Agenda when those Community members who will be directly affected have not been contacted or provided with an opportunity to make comment on the need of Council to rescind its previously community approved motion which was for Model 4.

Model 4

Whitemark Landfill Site open four days a week, Lady Barron Transfer Station open two days a week and Killiercrankie Transfer Station open one day a week.

- Ten-year program costs \$5,126k vs current status quo \$3,200k - additional \$1,926k.
- Pro - strives to keep Transfer Stations open.
- Pro - takes the risk out of Model 3 and opens the Whitemark Landfill site for an extra 2 days.
- Pro - highest level of service delivery.
- Con - most expensive option.

This model is not recommended as it is the most expensive and not affordable option. It seeks to address the issues identified in Model 3, but the provision of the highest level of service delivery comes at an unobtainable cost.

Regardless of costs to the Council this was the approved motion made after a proposed Waste Management Strategy was circulated and the Community was given time to provide public feedback.

By moving this motion at a time when there has been no further community consultation with no public discussion is irresponsible of the Councillor's in their duty to represent the persons who voted them into positions whereby they are purportedly representative of their constituents is, very possibly, a breach of the Public Interest Disclosures Act 2002.

Those Councillors should also note that this would result in the constituents of the Northern and Southern Parts of the Island without any or few services provided by Council for their Rates. Currently, those in the Northern region of Flinders in particular, do not receive Water Supply Services, no or considerably limited sealed roads and now the Council plan to remove the essential Waste Transfer Station.

Please find below some of the issues, listed below for your information, which will be imposed on the rate payers in the northern and southern regions if the Waste Transfer Stations under consideration for closure are closed:

- An additional impost on our Elderly to easily deal with their waste and more expense per travel whilst surviving on an Aged Pension
 - To deliver waste to Whitemark means that Killiecrankie & Palana residents will have to travel 100+/- kilometres return trip
 - Possibility of considerable waste being dumped in the bush or roadsides or residents may decide to dig a hole on their property to dispose of their waste
 - In relation to Lady Barron travel for trades people to dispose of building waste may impose another cost to rate payers who are building, renovating etc
 - Tourism significantly adds to the economic well-being of the Island. After each residency by tourists it is mandatory to remove all waste and dispose of it which will encompass an additional cost to tourism property owners up to 2 or 3 and maybe 4 times per week during peak periods
- Once again, we the undersigned would like one of two results from this petition, that the Councillors do not rescind their original motion and continue to honor the decision which was passed after community consultation or, that they put the relevant motion on hold until the Community can be given an opportunity to be briefed fully and be able to make public representation to the Councillors of the Public's view point on this issue.

#	Title	First name	Last name	Email	Address	City	Postcode	Date
1	Mr	Alan	Radford	speedfox.offic@gmail.com		Burnie	7320	Apr 26, 2020
	I was asked by members of the Killiercrankie community to put this together for them as they did not have the current skills to facilitate and electronic petition to the council.							
2	Ms	Maikutena	Green	vm-g@bigpond.com	459 Killiecrankie Road	Whitemark	7255	Apr 26, 2020
	As a rate paying resident of Killiecrankie, Flinders Is, I support this petition & request that this petition be presented to the Councillors at the Council Meeting scheduled for the 28th April 2020 per the possible closure of the Killiecrankie & Lady Barron Waste stations							
3	Dr	Pavla	Miller	pavla.miller@rmit.edu.au	Flinders Island	Killiecrankie	7255	Apr 26, 2020
	The complex and important issue of waste disposal requires careful assessment of all costs, financial, environmental and social, rather than only council financial ones.							
4	Ms	Linda	Nicol	lindaj.nicol@gmail.com	4772 Palana Road	Palana Flinders Island	7255	Apr 26, 2020
	Agree fully with this petition - we do not want the additional burden of having to take waste to Whitemark, neither do we want more environmental damage caused by dumping rubbish all over the island. In addition the added carbon emissions created by having to travel 100 km round trip to empty rubbish. Neither do we want vermin Cooke ting around dumped rubbish and the spoiling of a pristine island							
5	Ms	Judith Ann	Jacques	judy@wilddoghill.com.au	770 Boat Harbour Road	Killiecrankie	7255	Apr 26, 2020
6		Bronwyn	Stubbs	bstubbs30@gmail.com	539 Killiecrankie Rd	KILLIECRANKIE	7255	Apr 26, 2020

12	Mr	Anthony	Griggs	griggsys@gmail.com	4772 Palana Rd	Palana	7255	Apr 26, 2020
	Any reduction to Killiecrankie transfer station hours WILL result in people burying their own rubbish or dumping it in various locations around the Island. This will mark the beginning of the end of our pristine Island. You cannot put a monetary value on that.

40	Dr&Mrs Ham	Richard	Ham	seabirdofoz@gmail.com	21 Armstrong av Killiecrankie	Killiecrankie		Apr 26, 2020
	What do residents get for rates?No paved road no postal service no water supply .We cope with these problems Is there a reduction in our rates to compensate							
41		Diane	Sullivan	disullivan2002@hotmail.com	Killiecrankie	501 Killiecrankie Road	7255	Apr 27, 2020
42	Mrs	Carol	Wheatley	dcwheatley@activ8.net.au	3851 Palana Road	Palana	7255	Apr 27, 2020
	I do not, at my age, want to travel to Whitemark to dispose of my rubbish. I am a rate payer and thise service part of rates							
43	Mr.	David	Wheatley	dcwheatley46@gmail.com	3851 Palana Rd	Palana	7255	Apr 27, 2020
	My rates cover this service and I want to be available							
44	Mr	Arthur	Talko	arthurtalko@gmail.com	2 Rogerson Close	Eagle Point	3878	Apr 27, 2020
	1. Cheapest does not always = best! 100 km tip trip is unreasonable for Palana residents. 2. An arbitrary determination as intended is also very unfair to most-affected ratepayers. A little more consultation please.							
45	Mr.	Derek	Wills	derekjwills@outlook.com	459 Killiecrankie Rd	KILLIECRANKIE	7255	Apr 27, 2020
46	Mrs	Colleen	Wheatley	wheatleycolleen1@gmail.com	Killiecrankie Road	Robertdale	7255	Apr 27, 2020
47	Mr	Mike	Wortman	mikewortman.australia@gmail.com	4/34 REDLAND DRIVE	VERMONT	3133	Apr 27, 2020
48	Mr.	Jack	Wheatley	wheatleycolleen1@gmail.com	Killiecrankie Rd	Robertdale	7255	Apr 27, 2020
49	Mr	Richard	Broome	richardb@ocean.com.au	Lot 20a Armstrong Ave	Killiecrankie	7255	Apr 27, 2020
50		Anne	Rae	arae26@hotmail.com	539 Killiecrankie Road	KILLIECRANKIE	7255	Apr 27, 2020
	My primary concern is for the need for genuine consultation with the effected communities.							
51		Heather	Wagner	instigatorhw@hotmail.com	20A Armstrong Avenue	Killiecrankie	7255	Apr 27, 2020
	There has been inadequate community consultation regarding cutting waste transfer services with no suitable replacement service.							
52	Mrs	Marie	Green	angieblyth1@gmail.com	Palana Rd	Palana	7255	Apr 27, 2020
53	Mr.	Darren	Brugeaud	brugeaud@iinet.net.au	Palana Rd	Palana	7255	Apr 27, 2020
54	Ms	Jane	Morton	mortonj@ozemail.com.au	12 Auburn Ave	Northcote	3070	Apr 27, 2020
	Please at least delay this decision until there has been consultation. These waste transfer stations save many kilometers of driving.
