Action No.	Action Description	No.								
AP1920-1	Model affordable housing supply options and determine way forward.	1.1.2	Population Growth - Increase supply of affordable housing - A strategy and action plan that identifies affordable housing options.	Not commenced.	Not commenced.	Not commenced due to COVID-19.	Not commenced.		At Risk	Open
AP1920-2	Deliver four School Holiday Programs in partnership with stakeholders.	1.2.1	Population Growth - Increase "the working age" population - Services and activities for young people that also aim to attract and retain young families to the Islands.	Organisation and delivery of Kids Winter Holiday Program in partnership with Netball Tasmania & AFL Tasmania. & activities - 139 spots filled.	Organisation and delivery of Spring Holiday Program in partnership with Show Society / Kites Tasmania, Robyn McKinnon and FIAAI - rollerblading, spray painting, kite making and mindfulness sessions. 133 registrations.	Summer Kids Holiday was combined with activities from the Furneaux Islands Festival month long events and activities. Surf School program wasn't able to go ahead due to lack of availability of coaches and unfavourable weather conditions. Planning for the Autumn Kids Holiday program to be delivered in a virtual environment due to COVID-19.	Due to COVID-19 - Island Kids app delivered in collaboration with FIAAI as part o the Autumn Virtual School Holiday Program - (visit: islandkids.glideapp.io) Easter Activity packs were created and mailed out to the children. An online ZOOM Dance Party was held with Adriana during COVID.		Going Well	Closed
AP1920-3	Prepare a scoping paper and lobby State Government to secure veterinary services for the Furneaux Group to support population growth. (refer Briefing Paper AP1920-3)	1.2.2	Population Growth - Increase supply of affordable housing - An islands specific population growth strategy.	Scoping paper has been completed and presented to State Government but no response has been forthcoming. Have presented scoping paper to Mayor for possible inclusion in Population Growth Working Party.	A workshop with the current vet was held to help councillors further understand the status of his position. No further action has occurred.	No further action has occurred.	No further action.	Lack of ability or appetite to implement anything. Predict high importance when current Vet leaves.	At Risk	Open
AP1920-4	Evaluate roadside Parramatta Grass trial.	1.3.4	Population Growth - Value-add to local commodities - Productive and sustainable agricultural sector.	Evaluation will take place later in Financial Year	Inspection of the trial areas has taken place and will be inspected again next quarter. The trial looks very promising with an approximate 90% kill rate. The treatment has also proven to be selective in that it is killing Parramatta Grass only and not affecting the other grasses in the plot areas.	No further evaluation has been done due to other Works requirements.	No Further evaluation has been done until an agronomist next visits.		Going Well	Open
AP1920-5	Review pre-lodgement and advisory service processes to improve the overall customer service experience.	1.4.1	Population Growth - Foster and support entrepreneurial activity - Streamlined and customer focused development application and assessment processes, including pre-lodgement information and advisory services.	Currently working with West Tamar to streamline processes. This will be an ongoing exercise which will take time.	Development Services is undergoing change due to restructure of people and processes, with staff leaving. It will take time to review and implement new processes.	Development Services improvement process (Privatisation of Building Services) being considered by Council at 28/04/20 Meeting.	Building permit privitisation to commence 1 July 2020. Complete		Going Well	Closed
AP1920-6	Investigate options for Council's land at North East River. (refer Briefing Paper AP1920-6)	1.4.3	Population Growth - Foster and support entrepreneurial activity - Promotion of the region's natural and cultural environment.	Land held strategic implication in current planning scheme which is due to change when new planning scheme is realised in 2020. Suggest planning scheme provisions are known before planning workshops commence.	Workshop discussions were held regarding access to land by campers over the summer months. A quote for bushfire proposal was obtained and discussed in Workshop. No budget for work at this stage however presenting the quote for consideration by Council at January council meeting.	On-site meeting held with bushfire consultant to provide for budgeted works. Report pending.	Report and quotation received for council cnsideration		At Risk	Open

AP1920-13	Work with Department of State Growth to effectively manage and maintain Lady Barron Rd.	2.5.1	Infrastructure and Services - Infrastructure services that are appropriate for island conditions, are sustainable and are accepted and valued by the local community.	Works for this quarter have included bitumen patching, roadside drainage and road edging.	Works for this quarter have included bitumen patching, roadside spraying and edge works.	Works for this quarter have included bitumen patching and edge works as well as the Minor Works Program.	Works for this quarter have included bitumen patching, sweeping, slashing and guide post replacement.		Going Well	Open
AP1920-14	State Growth Road Minor Works (Lady Barron Road). Minor road works involving reseals and reconstruction as per Department of State Growth Instruction. (\$300k)	2.5.1	Infrastructure and Services - Infrastructure services that are appropriate for island conditions, are sustainable and are accepted and valued by the local community.	Works have been scoped and reseal preparations will take place next quarter.	Reseal preparation has taken place and reseals will begin next quarter after the Airport works	Reconstruction and reseals for Lady Barron Rd have now been completed for this financial year.				Closed
AP1920-15	Develop and implement a long term alliance with TasWater to manage and operate their water supply network.	2.5.1	Infrastructure and Services - Infrastructure services that are appropriate for island conditions, are sustainable and are accepted and valued by the local community.	Currently we have a short-term alliance. Next quarter, the Acting GM and the Works & Airport Manager will arrange a meeting with TasWater to establish a possible longer term alliance.	The new General Manager and the Works and Airport Manager will arrange a meeting in the coming months with TasWater to establish a possible longer term alliance.	Not yet commenced due to time impositions of COVID-19.	Not yet commenced due to time impositions of COVID-19.		At Risk	Open
AP1920-16	Support a review of a sustainable long-term management plan for the operation of a network of trails.	2.6.2	Infrastructure and Services - Protect and enhance high quality natural values and environmental assets - A Plan for the expansion of the walking trails network on Flinders Island.	Council needs to define requirements before work can commence.	Have filtered this action to the Fire Management Area Committee with regard to utilising fire trails for walking access.	Have met with Parks and discussed option of co-funded walking trails that may also serve as fire trails. More work to be done including strategic alignment with Fire Management Area Committee and funding.	Conversations continue including strategic links into planning scheme. Suggest will be lengthy project to finalise with many links to other organisations.		At Risk	Open
AP1920-17	Work with the State Government to facilitate the Flinders Island Marine Access and Safe Harbour Project.	3.1.2	Access and Connectivity - Maintain or better the standard of sea access to the Islands - Economic viability of developing an all-weather recreational and leisure vessel safe harbour investigated.	Currently in progress.	Letter from Michael Ferguson, received 8 January 2020, confirms that full 100% funding (\$3.6m) is allocated to the Airport and the remaining \$3m allocated to the Safe Harbour Project. However full review of the Grant requirement is currently in progress and Grant Deeds have not yet been executed.	Project plan and methodology have been reviewed due to more stringent funding requirements and governance issues with previous procurement process. Project is also being considered within long term strategic plan process. Significant demonstrated community support is required as a grant requirement as well as financial benefit.	Undertaken the community survey and results received which were shared with the community. EOI sent and two received in response.		Going Well	Open
AP1920-18	Identify and review the cash sustainability of the Airport.	3.2.1	Access and Connectivity - Maintain air access to the Island and improve performance of the airport - Improved operation and financial performance of Airport.	This work was completed as part of work performed for Peter Gutwein and a copy was presented to Councillors. CLOSED						Closed
