4 Responses to Public Questions

20 April 2021 Council Meeting

Question 1: David Grutzner

Proposed Tourist Developments – Little Dog and Green Island Lady Barron

Given the extent of ratepayers' reaction against these proposed developments, as clearly demonstrated at the two recent public meetings at the Lady Barron Hall, will Council now take the necessary steps to amend the current Planning Scheme to prevent these projects proceeding and, given the extent of the mandatory statutory formalities which would be involved, please pursue this matter with Council's planning consultant as a matter of urgency?

Mayor's Response

Thank you for your letter. I understand the concerns you raise. As you know, when Council acts as a Planning Authority, it must make judgements based on the Planning Framework only. It is not appropriate that Council attempt to make any changes to the planning scheme at this stage, simply based on community unrest: it could very well be interpreted as prejudice on Council's part.

I am aware that, at the recent meeting in Lady Barron, several people alluded to civic licence in relation to any proposal for tourism development on the outer islands. Relevant as community members believe this to be, the concept of civic licence does not exist within the Planning Framework, which must be upheld by the Planning Authority.

Council takes its role as Planning Authority very seriously and will examine any application for tourist development on the outer islands with the greatest of care, that I guarantee.

Once again, I thank you for your letter.

RECOMMENDATION

That the response to the public question from the 20 April 2021 Council Meeting be noted.

5 Councillors Questions on Notice

None received.

6 Councillors' Questions Without Notice

Regulation 29 of the Local Government (Meeting Procedures) Regulations 2015 specifies that in putting a Question Without Notice a Councillor must not offer an argument or opinion, draw any inference or make any imputations except so far as may be necessary to explain the question. The Chairperson must not permit any debate of a Question without Notice or its answer.

7 Late Agenda Items

8 Declaration of Pecuniary Interest

In accordance with Regulation 8 of the Local Government (Meeting Procedures) Regulations 2015, Councillors are required to declare any pecuniary interest that they, or any of their close associates, may have in any matter appearing on the agenda, or any supplementary item to the agenda, before any discussion on that matter.

9 Conflict of Interest

In accordance with Part 2, paragraph 6 of the Local Government (Model Code of Conduct) Order 2016, Councillors are required to declare any conflict of interest, be in actual, perceived or potential, that they may have regarding any matter appearing on the agenda, or any supplementary item to the agenda before any discussion on that matter commences.

INTRODUCTION

This report provides Councillors with an overview of the applications for the current period as per motion 249.09.2015, passed at the 24 September 2015 Council Meeting when Council requested monthly data from the West Tamar Council planning consultancy service. As of July 2020, Flinders Council now generates the data and prepares the Development Application Report monthly.

Permitted applications are assessed under section 58 of the *Land Use Planning and Approvals Act 1993* (the Act) and are not advertised. If applications classified as Permitted meet all development and use standards, they must be granted a permit, with or without conditions.

Discretionary applications are assessed under section 57 of the Act and are exhibited for a two-week period during which submissions may be received from the public. If a submission is received, the planner's report for that application is considered by Council. Discretionary applications where no submissions are received, as well as applications with a Permitted pathway, are approved under delegation to the General Manager.

The numbering of applications relates to the electronic filing system. Numbers are allocated to Planning (DA), Building (BA) and Plumbing (PA) applications as they are received. This may mean that planning numbers are not sequential, if for example, a development requires a building application but is exempt from a planning application.

PREVIOUS COUNCIL CONSIDERATION

That Council recommends:

- Which nominee Council supports for election to President of the Local Government Association of Tasmania (LGAT);
- Which nominee Council supports for election to the General Management Committee (GMC), Northern District, less than 20,000; and
- Which nominee Council supports for election to the General Management Committee (GMC), Northern District, more than 20,000.

COUNCILLOR'S REPORT

The Local Government Association of Tasmania (LGAT) is a critical organisation to guide Councillors and Council Staff in their work within municipalities. There are three candidates for the election to the position of President and two candidates for each of the two GMC positions. As you will read in the letter from the Tasmanian Electoral Office (TEO), the ballot papers are sent to each Mayor. Instructions are that each Council considers the candidates and decides on the preferred candidate for each position. The completed ballot papers then should be placed in the Postal Vote Declaration Envelope, signed by the Mayor, placed in the replied-paid envelope, and mailed as priority mail, to reach the Tasmanian Electoral Commission by 17 June.

17.2 Notice of Motion – Northern Tasmanian Development Corporation Membership Agreement

Action	Decision
Proponent	Mayor Annie Revie
Officer	Warren Groves General Manager
File Reference	COU/0305
Annexures	17.2.1 Members Agreement 2020-2023

NOTICE OF MOTION

That Council withdraws from its membership of the Northern Tasmanian Development Corporation as of 1 July 2021.

COUNCILLOR'S REPORT

The Northern Tasmanian Development Corporation (NTDC) was formed originally with all 8 northern regional councils as members. In 2017, NTDC's membership dropped to 7 councils when Dorset Municipality decided not to renew membership. Flinders Council has been an NTDC member since the inception of the corporation.

NTDC's key goal by 2026 is admirable:

"To find ways to continually boost economic output, increase investment, create more jobs, and to raise average wage levels."

By achieving this goal, NTDC plans to support growth in both population and the economy of the northern region.

The other six member municipalities, apart from Flinders, are significantly larger than the Flinders Municipality, which has the smallest population and the smallest rate income in the State. These six municipalities are mainly clustered around Launceston, the largest northern city in the State. As such, they benefit directly from the City's facilities and businesses. Additionally, being larger in population, they have similar needs one to the other.

Flinders is one of the most isolated municipalities in Australia, being a collection of numerous small islands located in Bass Strait between the Northern tip of Tasmania and the Southernmost tip of Victoria, with Flinders and Cape Barren Islands having the largest area and population in the Municipality. Flinders, with its population of approximately 1020, its island status and its resulting isolation, has very dissimilar characteristics and needs from the other six NTDC member municipalities.

As a member of NTDC, Flinders Council pays an annual membership fee: \$6850 for the 2021/22 year. Flinders' resources are scarce and must achieve much. There is absolutely no room for wastage. The Council believes rightly that its role is to achieve as much as possible with its limited finances, and other resources.

At the beginning of the 2020/21 financial year, Flinders Council was unsure of the benefits of NTDC membership. Now, approaching the beginning of the 2021/22 financial year, I am convinced that there is very little value gained for the Municipality by maintaining NTDC membership. I also believe that there is significantly more value in Council's aligning closely with King Island: the two island municipalities share many characteristics. Already, collaboration between the two is bringing benefits: joint submissions; sharing processes; sharing staff in areas such as planning development and health; and so on.

The most recent NTDC quarterly report was approved by Flinders Council at its April meeting. There is no doubt that NTDC's achievements and future potential for northern regional development are substantial. Simply, the relevance and the potential gain for the isolated and small Flinders Municipality are slim. I wish NTDC well but have the strong belief that one size simply does not fit all.

I encourage Council to approve this motion.

PREVIOUS COUNCIL DISCUSSION

OFFICER'S REPORT

At the July and August Council Meetings, Council considered whether to pay the annual contribution or subscription fee for NTDC for the 2020/21 financial year, as well as a contribution to the Population Program for the same period. At the August meeting, Council resolved the following motion no.158.8.2020:

"That Council pays the 2020/21 Northern Tasmania Development Corporation annual contribution to the sum of \$7,595."

At the September 2020 Special Council Meeting, the matter of continuing membership of NTDC was further considered. Given that the August resolution specified the payment of the 2020/21 year only, and the Members Agreement is for three years, there was a need for a more specific motion to clarify Council's intent with respect to the three year Members Agreement and annual subscription payment. As a result, Council resolved motion no. 166.09.2020:

"That Council agrees to the terms and conditions of the Northern Tasmania Development Corporation Members Agreement 2020 – 2023 and approves the signing of the Agreement accordingly."

There is no current NTDC mechanism for less than a three year membership without an NTDC Board resolution. Membership of NTDC confers voting rights to each Council. In the event of a specific Council wishing to withdraw from the NTDC Members Agreement, an appropriate motion would need to be approved by both Council and the NTDC Board.

17.3 Notice of Motion - Ordinary Council Meetings 2021

Action	Decision
Proponent	Mayor Annie Revie
Officer	Warren Groves General Manager
File Reference	COU/0203
Annexures	17.3.1 Ordinary Council Meetings 2021

NOTICE OF MOTION

That Ordinary Council meetings return to the commence time of 9.30 am on the dates already published for each month of 2021.

COUNCILLOR'S REPORT

Council meeting dates and times are decided in advance, usually at the second last Ordinary Council Meeting of each calendar year. The reason for the advance decision is to enable each ordinary Council Meeting to be advertised in the public arena, in line with the Local Government (Meeting Procedures) Regulations 2015. It is particularly important that the time of each meeting is advertised in the public arena in advance so that community members, in knowing each meeting start time, may attend public question time, enshrined in the Local Government (Meeting Procedures) Regulations 2015, and ask questions if they so wish. At an Ordinary Council Meeting late in 2020, Council approved a meeting time change from 9.30 am to 2.00 pm.

While the Local Government (Meeting Procedures) Regulations 2015 makes councillor attendance at Ordinary Council Meetings compulsory, unless leave has been granted, councillor attendance at Council workshops is not enshrined in the Act.

In the year 2020/21 however, a larger than usual number of workshops is required to enable councillors to have adequate understanding of issues requiring decision - in particular, decisions regarding the following, all of which have scheduled completion dates:

- End of year reporting;
- Budgets;
- Rates and User Fees;
- Annual Plan;
- Long Term Financial Plan and Strategy; and
- Long Term Asset Management Plan and Strategy.

Currently, with Ordinary Council Meetings beginning at 2.00pm, workshops are usually not scheduled on the morning of a meeting, so that full attention can be given to decision-making at the Ordinary, more formal, Meeting, beginning at 2.00pm.

I propose that the Ordinary Meeting start times return to 9.30am so that short workshops may be scheduled following the meetings. This would enable Councillors to attend an Ordinary Meeting and a short workshop on the same day.

I ask Councillors to support the motion.

INTRODUCTION

The Gunn Bequest is annually allocated to sporting groups on the Island for the promotion or facilitation of sporting activities for the general population.

PREVIOUS COUNCIL CONSIDERATION

Gunn Bequest Grants decided annually by Council.

OFFICER'S REPORT

Notices were placed in the Island News, and on the Council's website and Facebook page, calling for sporting clubs to submit applications for funding via Council's Gunn Bequest Grants scheme. Applications closed 7 May 2020.

The total amount held in trust for the Gunn Bequest at present is \$ 110,643.72 and the interest to be earned on the account for the 2020/21 financial year is estimated to be \$643.72. As per Council's decision when the bequest was received in 1985, only 50% of maturing interest is to be distributed as grants and the remainder is to be reinvested.

Therefore, the available amount for distribution this year is \$ \$321.86.

The following three requests were received for consideration by Council. The third request comes from a Tennis Club in NSW and although the application itself does not identify which tennis court the project refers to, the covering email identifies the Lady Barron Tennis Courts as the focus of the project.
