### 1. Definitions

The definitions of terms used in this policy are set out below.

<u>Abuse</u>	Abuse is an act, or a failure to act, towards or on behalf of a child that may result in harm. It can occur on one occasion or multiple occasions. Sometimes the impact of multiple events leads to harm that becomes cumulative in nature. Types of abuse include physical, emotional, sexual abuse, and neglect.
<u>Child / Children / Young Person</u>	Any person under 18 years of age as defined by Children, Young Persons and their Families Act 1997 (TAS).
<u>Child Safe</u>	For this policy, child safe means protecting the rights of children and young people to be safe by taking actions that can help prevent harm and abuse.
<u>Child Safe Organisation</u>	<p>Defined in the Royal Commission Final Report as an organisation that:</p> <ul style="list-style-type: none"> <li>• creates an environment where children's safety and wellbeing are at the centre of thought, values, and actions,</li> <li>• places emphasis on genuine engagement with and valuing of children and young people,</li> <li>• creates conditions that reduce the likelihood of harm to children and young people,</li> <li>• creates conditions that increase the likelihood of identifying any harm, and</li> <li>• responds to any concerns, disclosures, allegations, or suspicions of harm.</li> </ul> <p>Note: in the context of local governments, this would involve referring concerns to an Independent Regulator and in the case of suspected criminal behaviour then to TAS Police to respond as appropriate.</p> <p>Implementation of the Child and Youth Safe Standards (which mirror the National Principles for Child Safe Organisations) give effect to the above.</p>

<u>Child and Youth Safe Standards</u>	Ten standards that specific organisations in Tasmania (including councils) must put into practice in an ongoing and simultaneous manner. These are defined under the legislation and mirror the National Principles for Child Safe Organisations.
<u>Contractor</u>	In the scope of this policy means a person or company used by Council to provide services directly to children and young people, or where the contract's activities will, or are likely to involve contact with children and young people that is a usual part of and more than incidental to, the services.
<u>Council facilities</u>	Properties, buildings, and facilities including parks and sporting facilities owned and managed by Council including those used by the public or available for hire.
<u>Council Staff</u>	Includes Flinders Council employees, volunteers, students on placement, contractors, consultants, elected representatives, and visitors, and anyone else who undertakes work on behalf of the Flinders Council. This is regardless of their work related to children or young people.
<u>Harm</u>	Any detrimental effect of a significant nature on the child's wellbeing, whether caused by a single act, omission or circumstance, or a series or combination of acts, omissions, or circumstances.
<u>Independent Regulator</u>	An independent oversight body that exists to help organisations understand how to comply with Tasmania's Child and Youth Safe Framework, provide guidance and advice, and monitor compliance.
<u>Reportable Conduct Scheme</u>	Requires leaders of specific organisations to notify the Independent Regulator when concerns are raised about conduct related to child abuse.
<u>Safeguarding</u>	Taking the actions necessary to ensure children and young people feel safe and are safe. This also means that if children or young people don't feel safe, steps are taken to restore their safety.
<u>Universal Principle for Aboriginal Cultural Safety</u>	This applies across all 10 Child and Youth Safe Standards and means the right of Aboriginal and Torres Strait Islander children and young people to Cultural Safety must be respected.
<u>Wellbeing</u>	Wellbeing of children and young people includes the care, development, education, health and safety of children and young people.

## 2. Objective

The Royal Commission into Institutional Responses to Child Sexual Abuse defined a role for Local Government under Recommendation 6.12 which states:

“With support from governments at the national, state and territory levels, local governments should designate child safety officer positions from existing staff profiles to carry out the following functions:

- a) developing child safe messages in local government venues, grounds and facilities,
- b) assisting local institutions to access online child safe resources,
- c) providing child safety information and support to local institutions on a needs basis, and

d) supporting local institutions to work collaboratively with key services to provide child safe approaches that are culturally safe, disability aware and appropriate for children from diverse backgrounds.”

In developing this policy Council has been working with LGAT to understand how to best implement recommendation 6.12 in the context of the legislation and our limited resourcing.

LGAT continues to advocate to the national and state government for more support to local governments (which has yet to be forthcoming). Without additional support, Recommendation 6.12 is not something we can currently fully embrace with our current resourcing.

Flinders Council acknowledges it has a leadership role in our community to support relevant organisations to be child safe and promote child safe practices and will work towards the functions of Recommendation 6.12 where possible.

It is anticipated that over time more resources may be made available to us from the State Government. Council may also decide to put more resources to this on its own accord. This policy should be reviewed and updated accordingly.

## 4. Policy

### 4.1. Flinders Council Child Safe Statement of Commitment

- We are committed to the safety and wellbeing of children and young people while enabling their participation as valued members of our community.
- We have zero tolerance to child abuse and harm. Our people are obligated to prioritise the safety of the children they interact with in the performance of their role and to report conduct of concern.
- We recognise the importance of child safety in the provision of quality community services. All children who attend services, programs, events, and community spaces (including online environments) that are delivered, owned, contracted, or managed by Council, have the right to feel safe, be safe, and be heard.
- We recognise our legal and moral responsibilities in keeping children and young people safe and have robust policies and procedures in place to meet this commitment that are aligned with the National Principles for Child Safe Organisations.
- We want children to thrive, be safe, happy, and empowered, and are dedicated to ensuring their views are listened to and respected, and they are given opportunities to contribute to how we plan and deliver our services that affect them.
- We are committed to being a Child Safe Organisation.

### 4.2. Policy Content

Council is committed to the safety of Children and Young People. We are legally required to comply with the Child and Youth Safe Organisations Framework, which aims to protect children from abuse and harm.

#### 4.2.1. Child Safe Standards

The Tasmanian Child and Youth Safe Standards (the Standards) outline how an organisation can develop a culture with child safety and wellbeing at its centre. The Standards contribute to preventing abuse and harm. They require organisation's to meet a benchmark so that children and young people's rights to safety and wellbeing are respected and upheld.

All 10 Child and Youth Safe Standards must be put into practice in accordance with a Universal principle for Aboriginal Cultural Safety. The Universal Principal says organisations must provide an environment that ensures that the right to Cultural Safety of *all children is respected*.

Tasmania's 10 Child and Youth Safe Standards mirror the National Principles for Child Safe Organisations which emerged from the work of the Royal Commission into Institutional Responses to Child Sexual Abuse.

The Standards are as follows:

Standard	Meaning
<b>Standard 1:</b> Child safety and wellbeing is embedded in organisational leadership, governance, and culture.	All people in the organisation care about children and young people's safety and wellbeing above everything else, and make sure they act that way and lead others to act that way.
<b>Standard 2:</b> Children and young people are informed about their rights, participate in decisions affecting them and are taken seriously.	Children and young people are told about their human rights, have a say in decisions and are taken seriously.
<b>Standard 3:</b> Families and communities are informed and involved in promoting child safety and wellbeing.	Families, carers, and communities know about and are involved in the organisation's child and safety and wellbeing activities.
<b>Standard 4:</b> Equity is upheld and diverse needs respected in policy and practice.	The rights of every child and young person are being met, and children and young people are treated with dignity, respect, and fairness
<b>Standard 5:</b> People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.	People working with children and young people are safe to work with children and young people and are respectful of them. They are taught how to keep children safe and well.
<b>Standard 6:</b> Processes to respond to complaints and concerns are child focused.	Children, young people, families, carers, staff, and volunteers are listened to and can share problems and concerns.
<b>Standard 7:</b> Staff and volunteers are equipped with the knowledge, skills and awareness to keep children and young people safe through ongoing education and training.	Staff and volunteers keep learning all the time so they know how to keep children and young people safe and well.
<b>Standard 8:</b> Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.	Children and young people are safe in online and physical spaces.

Standard	Meaning
<b>Standard 9:</b> Implementation of the Child and Youth Safe Standards is regularly reviewed and improved.	The organisation keeps reviewing and improving its child safety and wellbeing practices.
<b>Standard 10:</b> Policies and procedures document how the organisation is safe for children and young people.	The organisation writes down how it keeps children and young people safe and well, and makes sure that everyone can see these documents

#### 4.2.2. Reportable Conduct Scheme

The Reportable Conduct Scheme (the Scheme) aligns closely with the Standards. The Scheme aims to improve how organisations respond to allegations of certain types of misconduct involving children/young people, committed by their workers and volunteers.

The Scheme imposes legal obligations on the General Manager as head of the organisation to have systems in place to prevent child abuse, and if child abuse is alleged, to ensure allegations are brought to the attention of the appropriate persons for investigation and response.

Under the Scheme, reportable conduct is broader than suspected criminal behaviour, and includes:

- Sexual offences (against, with or in the presence of, a child),
- Sexual misconduct (against, with or in the presence of, a child),
- Physical violence (against, with or in the presence of, a child),
- Grooming of a child,
- Behaviour that causes significant emotional or psychological harm,
- Significant neglect, and
- Relevant offences such as failing to report child abuse.

#### 4.3. Policy Functions
