ROAD WORKS

During December, Council will be continuing the upgrading reconstruction works on the following roads: Melrose Rd – Lucks Rd to Wingaroo Rd. Wingaroo Rd – Melrose Rd to Five Mile Jim Rd. During the reconstruction work heavy equipment and vehicles will be operating on the road. The road may be closed to traffic for short periods of time. The section of road under reconstruction will be unsuitable for low-clearance vehicles and trucks. Motorists are requested to follow the traffic management signage and drive with care. Work will recommence in January after the holiday period. As will the work on Bowman's bridge, which is weather dependent.

New parking arrangements at Flinders Island Airport

Due to the increased numbers of vehicles utilising the airport car park, the Flinders Council has implemented new vehicle parking arrangements.

There is now a 2-hour maximum limit in the front row near the terminal.

A Hire Car parking area has been established opposite the terminal.

The general parking area is now to the south of the terminal.

New signage has been installed indicating the locations.

A new pedestrian crossing has now been installed in front of the terminal, so pedestrians can cross from the terminal building to the main car parking area.

Residents and visitors to the airport are reminded to observe all road rules and signage within the airport carpark.

Due to parking limitation within the Airport grounds, Flinders Council requests all owners of vehicles currently parked at the airport on a long-term basis to contact Airport Operations on 0429 813 929 to discuss ongoing storage arrangements.

No unauthorised vehicle or persons are permitted past the RFDS hanger located opposite the Operations Office.
