$NB: \hbox{-The Role} \ of the \ Planning \ Authority$

When an application is deemed to be determined at a meeting of Council, the Councillors act in the role of the Planning Authority. They are required to uphold the requirements of the local Planning Scheme (Flinders Planning Scheme 1994) and that of LUPAA (*Land Use Planning and Approvals Act 1993*). When Councillors are fulfilling this role, they must act in a non-biased manner and in accordance with Council's Quasi-Judicial Policy. If you wish to approach a Councillor regarding your development, you may be placing them in a compromised position in their role as Planning Authority if your development proposal is currently submitted to Council. To prevent this, you may wish to address Council prior to your submission or during the Council Meeting at which your proposal is being deliberated. If you wish to arrange for such meetings, please contact Council's Development Services department.
